AYOMIDE JAMIU ABIOYE

PRODUCT DESIGNER / UX & UI DESIGNER

Toronto, Canada | (647) 825-7513 | ay4ayomide@gmail.com
linkedin.com/in/ayomide-abioye | lordayo.github.io/ayomide-portfolio

PROFILE

Product and UX/UI designer who turns complex workflows into thoughtful, usable digital experiences. Experience spanning healthcare products, financial dashboards, and consumer journeys, with a practical bridge from Figma to responsive React and FlutterFlow implementation.

DESIGN EXPERTISE

Product & UX: User research, personas, user flows, information architecture, wireframing, usability testing, interaction design
UI & collaboration: Figma, high-fidelity prototyping, responsive UI, design systems, accessibility-aware design, design handoff, stakeholder reviews
Development: React, TypeScript, JavaScript, HTML, CSS, FlutterFlow, Git

EXPERIENCE

UI/UX Designer & Front-End Developer

May 2025 - Jul 2026

Inner Compass Wellbeing | Toronto, ON

- Designed OMA Life interfaces for therapists, administrators, and clients across scheduling, client intake, onboarding, telehealth, and clinical documentation workflows.
- Turned complex, role-specific workflows into user flows, wireframes, high-fidelity Figma screens, prototypes, and reusable UI patterns.
- Designed forms, note-taking, and practice-management interactions; incorporated feedback through iterative stakeholder reviews and responsive FlutterFlow development.

Digital Solutions Developer

Feb 2023 - Aug 2024

Ojibabs Limited | Lagos, Nigeria

- Designed and developed responsive React and JavaScript dashboards for financial tracking, internal reports, and operational tasks.
- Improved information hierarchy and navigation by translating business requirements into clear, usable interface flows.

SELECTED PROJECTS

01 In-A-Flash | Delivery App UX

Developed rider and driver personas that capture distinct needs and pain points, helping shape mobile journeys and interaction patterns for different delivery tasks.

02 E-Commerce Redesign | Research to Prototype

Used user research and usability testing to identify navigation and checkout friction; designed high-fidelity Figma interfaces and interactive prototypes for clearer journeys.

EDUCATION & TRAINING

George Brown Polytechnic | Postgraduate Certificate, Cyber Security (2026); Web Development: Front-End Design (2025)
Bowen University | B.Sc., Computer Science (2022) GIIT Africa | UI/UX Development Program (2023)
